through vigorous acquisition, exploration programs, and cost-efficient production. Our unique position of strength is attributed to our deep history in Colombia, South America, as well as our association with several government ministries. We have access to premium land locations with the opportunity to explore and stake these properties.

We currently have access to numerous gold, silver and other precious metals properties throughout Colombia, with a working relationship in many of those properties designated and identified as 'drill ready'.

Blue Crown's strong management team and effective board is committed to a dynamic exploration and development program. We are focused on maintaining strong community relations, excellence in corporate governance, and responsible environmental practices.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Statements in this release that are forward-looking statements are based on current expectations and assumptions that are subject to known and unknown risks, uncertainties, or other factors which may cause actual results, performance, or achievements of the company to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. Actual results could differ materially because of factors such as the effect of general economic and market conditions, entry into markets with vigorous competition, market acceptance of new products and services, continued acceptance of existing products and services, technological shifts, and delays in product development and related product release schedules, any of which may cause revenues and income to fall short of anticipated levels. All information in this release is as of the date of this release. The company undertakes no duty to update any forward-looking statement to conform the statement to actual results or changes in the company's expectations.
